

THE PINTO PACER

20TH NEWSLETTER
SEPTEMBER 2007

Painting The Picture

Welcome to the latest Pinto Pacer Newsletter, the 20th Edition. Firstly I must on behalf of the entire Skewbald breeders/fanciers group thank Mr. Darryl Brennan for his tireless contribution to saving the line of Skewbalds in Australasia via "The Pinto Pacer". His efforts were certainly very much appreciated by everyone, and being on the mailing list myself I certainly looked forward to the issue every year, so Darryl I hope you Enjoy your retirement and may I say "The Pinto Pacer" a job well done!

Secondly, Perhaps I should Introduce myself as the new editor, my contact details are listed below for all to phone, email, post, whatever it takes to get your news to me. I need everyone who has news of a foaling, mating, race win, death or any news to do with anything skewbalds. I am only new to the Skewbald game, the first I had to do with a coloured pacer was watching Rorschach at Redcliffe when I was only a kid, yeah that's right I'm 21, so it wasn't that long ago. Ever since then I was obsessed with this magnificent animal, and the first chance I had to put a mare to a skew stallion I did, my Panorama mare went to Medicine Dance last season, so here's hoping for a healthy foal come October this year.

I train a number of pacers in Warwick, Queensland. A couple I have had success with are Myola Tiara for a 1.56 win at the Gold Coast in 06, and wins with Melton Luciall to go through to free for all grade at Rocklea. I have recently taken over the training of a grey, Vanilla Sky, so watch out for him on sky channel! I have called the Trots at Rocklea and the Gallops at country venues. So that's a little about me!

The population of skewbalds in Australia has exploded the last few years with the help of strongly coloured stallions and one double colour stallion. The bloodlines are getting faster with the introduction of American Bred (non colour) imports that have successfully mated with the skew mares we have in Australia. Its great to see the increased interest in the skews with several new breeders sending mares to coloured stallions. We have a lot of other news to report in this issue so here goes. Enjoy my first issue of the newsletter,

Anthony Collins

WHITE FIRE is now the fastest skewbald pacer of all time!

The Mystical shark entire smashed Rorschach's race mile rate of 2.00.0 by 2 seconds to rate 1.58 for the mile at Albion Park in Brisbane in October last year. Trainer Wayne Waltisbuhl deservedly rates White Fire as the best horse he has trained. White fire broke maiden status at his 7th race start beating the odds on favourite by 20 metres in a bold front running display. Allowed to run freely over the 1660m trip he rated the sectionals in 29.2, 31.7, 27.4 and 29.8.

One would happen to think that White Fire has more than his fair share of credentials, given the fact he is only a 4yo. His dam is Ireland export ISHIHARA and his Sire Mystical Shark went 1.51 in America before heading to stud.

Above: White Fire

MAGNOLIA DRIVE has bettered her time to be the 3rd fastest skew of all time to 1.59.3.

Trained in New South Wales' Hunter Valley Region by Brian Elder the unusual Grey and White Skewbald saluted the judge at Newcastle in September last year before heading on a successful Victorian Campaign where she won at Warragul on the 29th of March this year, where she proved no fluke rating 2.00.9, which is quite fast for the Warragul surface. Magnolia Drive is owned by Barry Rose who has stood the father of Magnolia Drive, Flight Laag, a grey stallion, at his stud in Scone. The Mare now has 4 wins to her credit and 10 minor placings. Magnolia Drive is out of a Snowtime Adios mare in Ginger;s Jay.

CULLERMEIN NZ a daughter of pacing sensation Christian Cullen has now run 2.00.9.

The cleverly named 5yo mare has now won three races in New Zealand, those being two at Auckland and one at Franklin for the SPLASH OUT Syndicate who owned SPLASHED before she was later sold to overseas interests. Champion reinsman Tony Herlihy, a regular driver, partnered her for two of the three wins.

TRIBAL COUNCIL has broken his maiden status.

A son of Rorschach, trained by Darren Grant won at Tamworth in September 2006 before heading to the stables of Robert Clement where he placed 5 out of his next 9 starts. Tribal Council was bred by G. Rutter.

MAJESTIC HARMONY has proved too good for his rivals in North Queensland. Bred by Ian Bonham in New South Wales the Preferred Bid Gelding has won twice at Mackay under the care of the Manzleman family. He has rated 2.04.4 for the Mile Rate over the 2160m journey. The Mackay club, along with the Rockhampton Club face an uncertain future as no future race dates have been allocated. Majestic Harmony is the 3rd Skewbald foal to be bred out of Snowflake Harmony, the other named foal is Theredblonde.

SNOWAY, the 3rd skewbald foal of the gallant Lady Snowflake has won at his last Australian Start.

Young was the venue and Michael Day was the trainer, he went 2.03.2 for the mile rate to do his owners proud, unfortunately Snowway later passed away after being exported.

HE WHO DARES and GO GO CISCO are two skews to keep an eye out for in the coming months. He Who Dares campaigns in Victoria for trainer A Burke has had 4 starts, a son of Rorschach and Remember Manhattan. Go Go Cisco is trained in Western

Australia, and has had a second in his first seven starts. Go Go cisco is by Skewbald sire Out Of Nowhere.

MEDICINE DANCE, who has the double-colour gene has certainly helped the skewbald population in Australia. Last season he served twenty-five mares, which will of course produce coloured foals given the fact he is homozygous. Medicine Dance will stand once again for Wayne Waltisbuhl and Catrina Godden at Elimbah, north of Brisbane in Queensland.

SNOW BRAVE a newcomer to Queensland will stand at Stud this season. He is a possible double colour candidate, with both his parents being skewbald and 100% of his foals to date being skewbald. Snow Brave (pictured above) won a race at Leeton NSW for the Day/Zantis combination. Anyone who would like any information on the above stallions can contact me and I will forward them onto the relevant interests. Also anyone wishing to pursue breeding a Skewbald can contact me regarding studs/stallions in their area.

Picassos Pride, Litograph, Rembrants Touch and Splashed are some of the exports to go out of Australasia in the past two years. Reportedly Splashed NZ has a DM Dillinger yearling colt that is coloured

and her Courage Under Fire colt is going along nicely in Ireland.

Ange Zantis has sadly passed away. Ange will always be remembered for his achievements in the Harness Racing Industry and the Harold Park Winning Mare LADY SNOWTIME, Ange was responsible for the breeding of many of the bloodlines that we now have in our population, he bred the likes of Lord Snowtime (pictured) and Icy Lord. Ange Will be Sadly Missed.

Queensland Stalwart Ron "Kanga" Smith is a fresh face in the Skew Breeding scene. Smith, famous for his efforts with Harleray including a trip to the Perth Interdominion many moons ago sent a Guida mare to QLD stallion Medicine Dance (pictured above left) Last season. We also welcome the Shepherdson family from Narrabri NSW to the Skew world, Gary is the secretary of the Narrabri HRC.

In 2006 Skew Stallions served 39 mares, the breakdown as follows.

| | | |
|----------------|-----|----|
| Medicine Dance | QLD | 25 |
| Snowtime Adios | VIC | 7 |
| Flying Jaguar | VIC | 6 |
| Lord Snowtime | SA | 1 |

In The Current Count there are 230 Live Skewbalds on our records!

The Standardbred by *Catrina Godden, QLD*
Skewbald breeder

I am yesterday's founding sire,
Today's great dam.
The shadow of tomorrow's
Famed I am.

I boast the great Messenger,
A clever pony or two.
The Morgan and Arabs all three,
Their blood courses through.

For a century or more
My breed has been whole.
My book was closed
With refinement and soul.

I have created new breeds,
This the Saddlebreds don't regret.
The Tennessee Walkers
Requirements I've met.

Though I'm well known
In the arena of speed,
Performance under saddle
Is also my creed.

My gait is not unique,
Though highly refined.
I will travel with ease
Whether you sit on or behind.

With the disabled astride
I willingly obey.
Or as a dressage mount
I will exhibit more disciplined ways.

As a first horse
For the eager and keen,
Or working stock
I may be seen.

My colour abound,
Though no appaloosa or true black.
I am the chestnuts and brown
Of the traditional hack.

The grey with dapples,
All smoky and blue.
Roans with bay heads
Cream and buckskin too.

The warm woody tones of the bay
And blacks that are near night.
Some of my kind
God had splashed with white.

I carry the brand of distinction
For all to see.
That signifies I am a horse
For performance or company.

I'm often misjudged
Because of my name.
It doesn't imply we are common
Just capable of the same.

I do vary in type
As I've been bred for speed,
A horse for all seasons
Whatever the need.

I may earn money and trophies
Ribbons galore.
But winning hearts
Is where I really score.

I am yesterday's courage,
Today's gracefully bred.
Tomorrow's versatility,
I am the Standardbred.

Best Winning Mile Rate or TT for Skews

| Rank | Name of Skew | Best mile rate |
|------|---|-----------------------|
| 1 | White Fire | 1.58.0 MR |
| 2 | Rorschach | 1:58.6 TT 2.00.0MR |
